**European Service
Northern Thuringia (ESN)**

The consultation services offered by the European Service Northern Thuringia are aimed at regional enterprises, institutions, vocational training institutions, and other interested parties in Northern Thuringia.

We offer Northern Thuringian companies advice and individual support for recruiting and integrating foreign skilled employees (especially from the EU), as well as information on EU funding programmes and European projects, information on education and re-qualification abroad, and exchange of experiences in and across Europe.

The European Service Northern Thuringia is also available for all interested parties from EU states that seek contact with companies and institutions in Northern Thuringia. The „Europe Service for the Promotion of Transnational and Interregional Cooperation“ project is initiated by the district of Nordhausen.

**Our consulting services
are free of charge!**

We support you!
Individually and competently.

Attracting skilled workers and mentoring for integration

Advice and individual support for Northern Thuringian companies for recruiting and integrating skilled workers and trainees from abroad (especially the EU), organising stays abroad for professional development, and supporting and mentoring employees from abroad (especially the EU) who intend to come to Thuringia or are already in Thuringia for regional, professional, and social integration.

Salvador P., 27, web developer from Barcelona/Spain:

„I found a job through my internship in Nordhausen.“

Sabrina H., 20, trainee from Thuringia:

„Thanks to the ESN, I found an internship place for my Erasmus+ scholarship in Sweden.“

Thomas F., human resources manager in Northern Thuringia:

„The ESN supported us in looking for engineers in other European countries and in establishing contact.“

Martin M., Senior Employee in Northern Thuringia:

„We got really useful suggestions for our company and our employees in the workshop.“

Project development and management

Advice on European projects, generating ideas, defining objectives, tasks and procedures, advice on and support with acquiring and applying for EU funding, organisation, preparation for and assistance with study visits abroad, evaluation, practical experience and sharing best practice examples.

European project partners and networks

Advising and assisting regional and European players in the search for potential partners in other EU countries or in Northern Thuringia for transnational projects and cooperation, use of a European-wide network in more than 15 EU countries.

Studying and practical experience in Europe

Consultation on funded visits abroad for trainees, entrepreneurs, learners and education staff from Northern Thuringia, as well as support and integration assistance with study trips for European scholarship holders in Northern Thuringia.

Workshops and events

Broadening knowledge of Europe; European funding instruments; establishing a welcoming culture and gaining intercultural competences; integrating foreign skilled workers in Thuringian companies; and working within an European network.
